

Continuing Education Credits

Best Practices Guide

American Association of Veterinary State Boards Registry of Approved Continuing Education (RACE) CE's

Our annual Laboratory Animal Science (LAS) virtual event sessions meet the requirements to provide Continuing Education (CE) to our attendees.

- LabRoots is a provider of R.A.C.E. through the American Association of Veterinary State Boards (AAVSB).
- Each annual year the LAS program is reviewed and approved to offer R.A.C.E. Continuing education credits.
- Following the CE approved presentation, an attendee will be required to fill out an evaluation of the presentation to receive their CE certificate. These certificates are processed and provided by LabRoots
- R.A.C.E. CE credits are available during the presentations enduring (On-Demand) period and expire after 2 years from the date of the live broadcast.
- AALAS Certification
 - This conference meets American Association for Laboratory Animal Science requirements for CE.
- CALAS Certification
 - This conference meets Canadian Association for Laboratory Animal Science CE.
- Please note that Industry Track presentations will not qualify for R.A.C.E. CEs.
